

SONIX CORPORATION

source of evolution

**MILITARY ✓ AEROSPACE ✓ AUTOMOBILE ✓ MEDICAL
TEST & MEASUREMENT ✓ INDUSTRY ✓ COMMUNICATION**

SONIX CORPORATION

About Us Sonix Corporation distributes and markets electronic components all over India. Our ranges of products cover Active, Passive ,Batteries, Electro mechanical components and Interconnect devices which are used in a wide range of applications in the Aerospace, EV, Automotive, Communication, Industrial, Medical, Power, Defense, Green energy, Automation, sectors.

Some Key Benefits :-

- 1) NO MOQ (MINIMUM ORDER QUANTITY)
- 2) NO MOV (MINIMUM ORDER VALUE)
- 3) CAPABLE OF SOURCING OBSOLETE & HARD TO FIND PARTS.

Vision :

Our vision is to be leading organization to provide our customers with maintenance free, long lasting, reliable, durable, smart and customized real industrial electronics and electronic components.

Mission :

Our constant strive is to bring the exceptional high quality products to our clientele and making a positive impact on their business values by our presence.

PRODUCTS :-

BATTERIES and ENERGY :

Li-ion Primary and secondary Batteries, Application specific Batteries and Packs.
Accessories- Battery Posts, Integration Kits

CABLE, WIRES AND ASSEMBLIES :-

Wires: Flexible Flat cables, Hook up wires, Photo voltaic wires.

Cables: Ribbon cables, Industrial cables, Hazard matched cables, zero halogen cables.

Assemblies: RF cable assemblies, Optical cable assemblies

Tubing and Accessories: Heat shrinkable tubing, Cable Identification products,
Cable glands, Accessories for Cable and Tubing solutions

CIRCUIT PROTECTION :-

Fuses: Resettable, Non-Resettable, SMD, PTC Fuses.

Transient voltage suppressor's:

Multilayer Varistors, MOV.

ELECTRO MECHANICAL CONNECTORS :-

I/O Connectors , S Sub Connectors and Accessories, Power Connectors, Flex Connectors Mezzanine, Board to Board, Contacts, Wire to Board, Wire to Wire, Fiber optics, Battery, Memory products, Photo voltaic Connectors, Modular Connectors ,Optical Connectors, Circular connectors, Data Connectors, Heavy Duty Connectors ,RF Coaxial Connectors, Microwave Connectors, space Qualified Connectors.

Terminal Blocks: PCB Terminals Blocks, High Current Feed through Terminal Blocks, Panel Mounting Terminal Blocks.**Relays:** Industrial, Telecommunication / Signal, Power, Safety & Automotive Relays. **Switches :** Rotary, Micro, slide , Pushbutton , Rocker / Paddle, Key Lock , Industrial Controls, Push wheel , Toggle .
Cooling fans: DC Fans, Blowers, AC fans, Cooler, Vibration Motors, Accessories.

INDUSTRIAL AUTOMATION AND CONTROL :-

VFD'S, Servo Drives & Servo Motors. PLC, HMI, IPC, Contactors, MCB, MCCB, Motors. Soft Starters, Power Supplies, Push Button, Pilot Lights, Joysticks, Sensors, Signaling Systems.

PANELACCESSORIES:-

Power Entry Components, Power Cords, Plugs & Sockets, Fuse Holders, Terminals, Indicators, Knobs and Accessories.

PASSIVE : Capacitors : MLCC, MLC, Film including high power and medium power, Electrolytic,Tantalum , Polymer , Niobium Oxide , RF/ Microwave .

Resistors : Carbon film, Metal film, Wire wound, Fusible, power, Shunts, RF/Microwave.

Potentiometers: Miniature multi turn cermet trimmers.

Inductors : RF/Microwave, SMD Power, Common Mode Chokes.

EMI Filters : System Level Feed through Filters, Multilayer Organic Diplexers, SAW Filters / Duplexers, LPF, HPF BPF, SMD Feed through Filters, RF / Microwave.

Frequency Products:-

Quartz Crystals, Clock Oscillators, VCXO'S, TCXO'S, Rubidium Oscillator's.

SEMICONDUCTORS :

Integrated Circuits : Linear, CMOS, Analog, IGBT Driver IC, Microcontrollers, Memory.

Transistors : BJT, MOSFET, IGBT.

Displays : Alphanumeric, LED, LCD.

Diodes : Power, Switching, Zener, Schottky, TVS. **Cooling fans:** DC Fans, Blowers, AC fans, Cooler, Vibration Motors, Accessories.
