

Company Profile

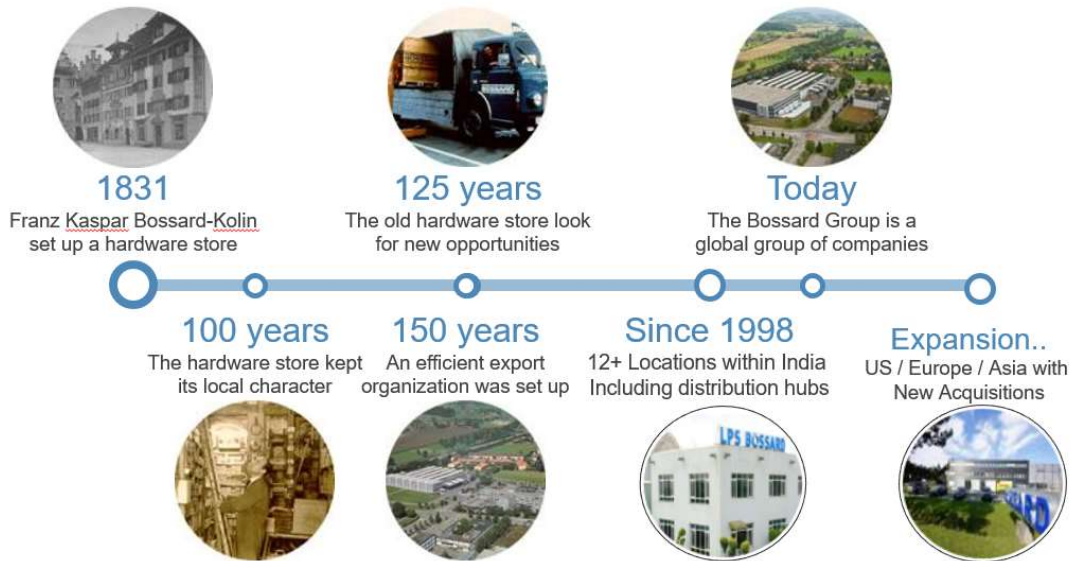

LPS Bossard Pvt. Ltd.

LPS Bossard Pvt. Ltd.

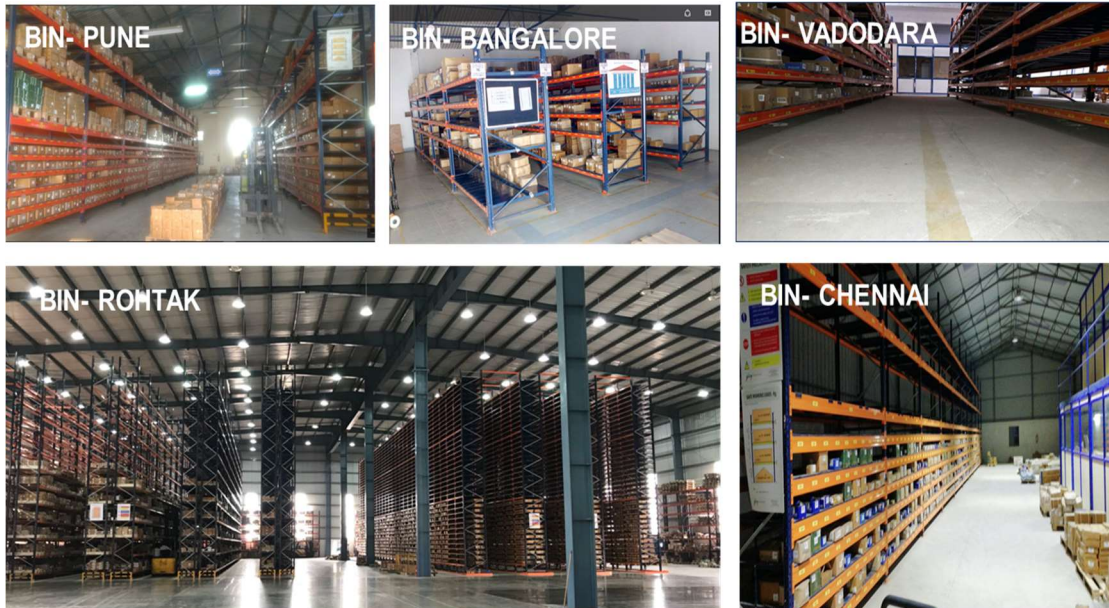

- As a globally active group of companies we procure and distribute connecting components of every kind and provide the engineering and logistics services associated with these products. Beyond this we offer industrial customers complete merchandise management and logistics solutions for C-parts. We are one of the market leaders of our industry in the three economic regions of Europe, America and Asia-Pacific.
- The Indian region employs around 120 people and is headquartered in Rohtak and We have 12+ Footprints across India.

Over 190 years of experience in fastening

Our Distribution Hubs

We have 5 Distribution Hubs across India – Rohtak- HQ, Pune, Vadodara, Bangalore & Chennai

Our Winning Aspiration

Together, we bring **PROVEN PRODUCTIVITY**
to every assembly operation in the world!

Together, we want to **scale** our success engine (Product Solutions, Smart Factory Logistics, Assembly Technology Experts) to every relevant customer and every relevant market in the world.

Together, we look for customers that appreciate our success engine and understand its **value**.

Together, we believe in **collaboration** based on Proven Productivity contributing to a sustainable world for all our customers, our partners and ourselves.

Our Vision

“We want to be “the trusted expert Brand” providing assembly technology solutions for our customers globally”

Our Current business policy is in line with our principals based on an overall medium term entrepreneurial vision. We see ourselves as an international logistic-oriented group for Fastening Technology and C parts management. We have access to worldwide procurement and engineering know-how.

Top priority in planning company development is given to strengthening established activities and developing new markets. This includes assuring an appropriate level of growth in order to remain competitive as well as making targeted acquisitions. The latter, for example

might be projects in the C part management sector, which are also of considerable interest to our fastening technology customers.

Furthermore, our vision includes clear views on flexibility as well as transparency with regards to value added, both of which we consider as important as our market targets.

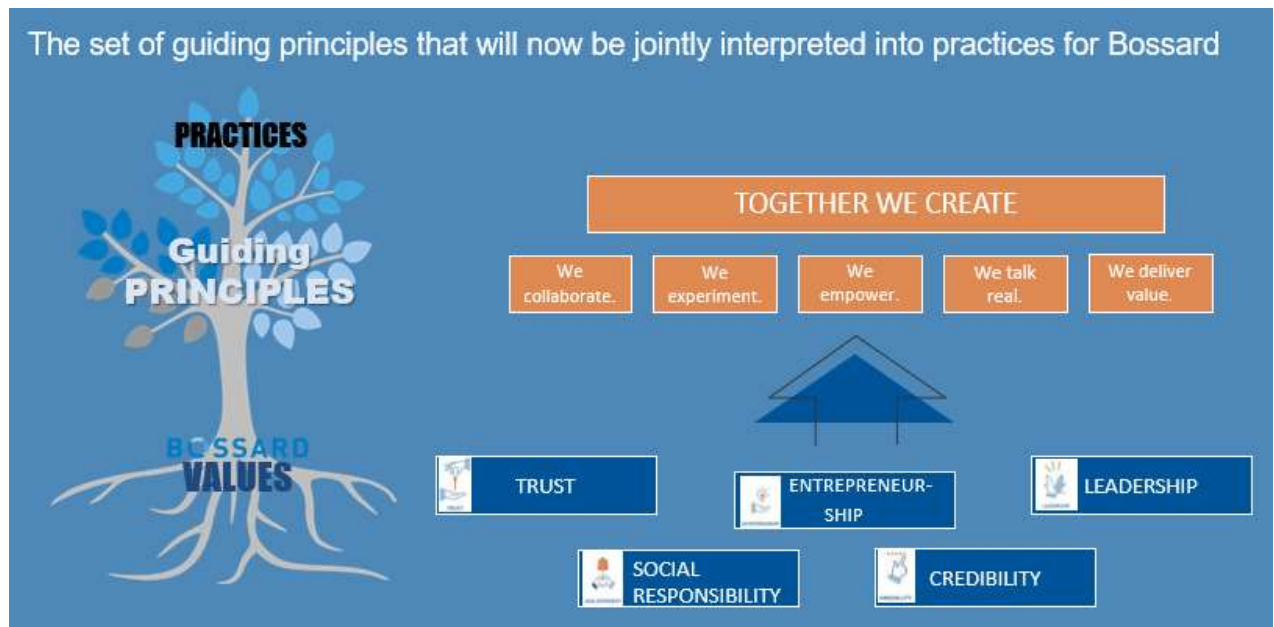

Our Quality, Health, Safety & Environment Policy

“To provide delight to interested parties (Customers, Stakeholders, employee and Society) through Continual Improvements following Best management practices”

In order to meet above policy we have clear objectives that “to increase confidence of customer by providing quality products on time” and “to reduce cost of customer product by providing technical and logistics support”

Our Core values & Guiding Principles

“We are a leading OEM supplier offering global solutions for local requirements.”

Consistent High Quality Worldwide

We as LPS Bossard Accredited with **ISO 9001, ISO 14001, ISO 26001, OHSAS 18001, IATF: 16949: 2016**. In Campus, We have ISO 17025: NABL (National Accreditation Board for Calibration & Testing Laboratories) too.

Our Core Competencies

Product Solutions

Assembly Technology Expert

Smart Factory Logistics

Product solutions

- a global procurement network
- of highly-qualified manufacturers
- with a special eye for quality
- with an absolute guarantee of supply

For all **Standard**, **Special** & **Machining** items

LPS Bossard Catalogue Range:

BOSSARD	Anwendungshinweise, Index	Indications d'utilisation, Index	Avvertenze, Indice	
	Innensechskant- und Innensechskant-Schrauben	Vis à six pans creux et à six lobes internes	Viti con esagono incassato e con cava esalobata	
	Sechskantschrauben	Vis à tête hexagonale	Viti a testa esagonale	
	Muttern, Gewindeinsätze	Ecrous, douilles filetées	Dadi, inserti filettati	
	Grobschrauben, Dübel	Vis exécution grossière, chevilles	Bulloni grossolani, tasselli

	Gedrehte Schrauben, Gewindestangen, Gewindestifte, Schlauchbriden	Vis décollées, tiges filetées, vis sans tête, colliers de serrage	Viti tornite, barre filettate, viti senza testa, fascette stringitubo	
	Scheiben, Sicherungselemente	Rondelles, éléments de sécurité	Rosette, elementi di sicurezza	
	Stifte, Niete, Kegel	Goupilles, rivets, clavettes	Spine, rivetti, linguette	
	Blechschraben, Bohrschrauben, gewindeformende Schrauben	Vis à tôle, vis autoperceuses, vis autoformeuses	Viti autofilettanti, viti autopercoranti, viti automaschianti	
	Holzschrauben	Vis à bois	Viti per legno	
	Verbindungselemente aus INOX	Éléments d'assemblage en INOX	Elementi di collegamento in INOX	
	Verbindungselemente aus diversen Werkstoffen	Éléments d'assemblage en divers matériaux	Elementi di collegamento in altri materiali	
	Beschichtungen	Revêtements	Pretrattamenti	
	Technische Informationen	Informations techniques	Informazioni tecniche	

The tradition of innovation

When faced with a challenge, there are usually two ways you can react to it. You can take it on or let it be. However, we at Bossard opted for a third way. We turned the challenge into an opportunity.

With the «ecosyn» line of products we developed innovative fastening solutions. These high-quality screws and fastening elements are **economical** and **in sync** with the needs of our customers.

Smart, safe and efficient high-quality products borne from innovative engineering – our «ecosyn» line of fastening solutions will make it simple for you to turn challenges into opportunities. This is what we call simplicity at work.

This is what we call «ecosyn».

ecosyn[®] line products

Turned/milled part made of high quality stainless steel

Turned part with laser engraving

Stainless steel bushing

Extruded part made of a high temperature material
