

# COMPANY PROFILE

## **ABOUT US**

---

Established in 1997, Abhisha Devices Inc. boasts more than two decades of expertise as an Independent Distributor of Semiconductor Devices & Electronic Components.

---

# WHY US

---

## Industry Expertise of over 35 Years

---

Leveraging a combined industry experience of over **35+ years**, Abhisha Devices Inc. provides quick lead times, competitive pricing, and effective solutions to industry challenges.

---

## Extensive Product Specialization

---

Specializing in a wide array of Active and Passive components including ICs, transistors, capacitors, resistors, and more, we offer a comprehensive range of electronic parts.

---

## Global Supplier Network

---

With a robust network of over **5000+** suppliers worldwide, Abhisha Devices Inc. ensures a seamless supply chain and access to a wide variety of products.

---

## Delivering Services & Solutions

---

Since our inception, we have grown exponentially, delivering the best customer support. Headquartered in Pune, we have our SOHO offices across USA, China, Hong Kong and Singapore, as well as small overseas warehouses located in USA, China & Singapore.

---

# EXCELLENCE IN SERVICE

---

For all your electronic components, semiconductor devices and product needs, our team is ready to respond through a variety of resources, relationships and established process.

## SHORTAGE SUPPLY

Vast network comprises of 5000+ suppliers, serving a diverse range of needs including shortage and hard-to-find parts

## TURN-KEY PROCUREMENT

BOM can be quoted in the shortest possible time

## COST SAVINGS

A dedicated team of global sourcing experts are assigned for support in competitive and fair pricing

## OBSOLESCENCE

Leverage our vast sourcing and reliable channels support to proactively address this challenge

## FRANCHISED & NON-FRANCHISED PRODUCT SUPPORT

Our team of professionals is at your service, offering alternate and cost-effective solutions

## JUST-IN-TIME DELIVERIES

We embrace the Just-in-Time (JIT) delivery model to enhance efficiency and reduce inventory costs. By synchronizing our supply chain and logistics processes, we ensure that products arrive exactly when they are needed, maximizing responsiveness to customer demand, ensuring you receive your orders promptly and reliably

# PRODUCTS

**CIRCUIT  
PROTECTION**

**PROCESSORS**

**DISPLAY**
