# INTRODUCTION

---

- Founded in 2024, Encriss Devices began as an independent distributor of electronic components, both active and passive. We specialize in interconnect components, power transmission equipment, automotive parts, and IT and AV equipment. Our mission is to provide quality components at competitive prices, ensuring timely delivery for our customers.
- Over the years, Encriss Devices has successfully served various reputable private and government companies, maintaining an impeccable record of goodwill and trust.
- We stock and sell a wide range of electronic components and cables, including:
  - Electronic Components: Integrated circuits, transistors, diodes, optoelectronics, connectors, switches, relays, resistors, and capacitors.
  - Cables: USB, QSFP, HDMI, display cables, car, marine, aircraft cables, industrial automation cables, process control cables, medical auto bed cables, solar, and EV cables.
- At Encriss Devices, we are committed to meeting the diverse needs of our clients with quality products and exceptional service.

# PRODUCTS & SERVICES - OFFERINGS

---

## PRODUCTS

- Amplifiers
- Antennas
- Audio Components
- Circuit Protection
- Clock & Timing
- Processors
- Data Conversion
- Programmable Logic
- Batteries
- Interface
- Peripherals
- Communication & Network
- Controllers
- Transreceivers
- Transducers

## SERVICES

- Buy Semiconductor Devices
- Sell Semiconductor Devices
- Customizing Designs
