Product Overview

Beeswax candles have been crafted around the globe for thousands of years and is one of the rarest and best in class as compared to paraffin. Its pleasant aroma and beautiful light, is the reason why Beeswax was the preferred candle type by royalty since 6th century. A golden glow and long burn time are the charm of a handmade beeswax candle. More over , it is the purest form , without any chemicals added , unlike paraffin and other form of candles . So be sure you're getting a quality and healthy candle .
