# About Us

Find Manufacturing is a B2B platform started with the mission to provide industrial manufacturers & suppliers with the ultimate exposure to the global market conditions and provide them a platform where they can interact with respective community.

Based out of Michigan, USA, Find Manufacturing is led by a team of Professionals with extensive knowledge in the field of Global Sourcing, Vendor Development & Supply Chain Handling.

# Our Story

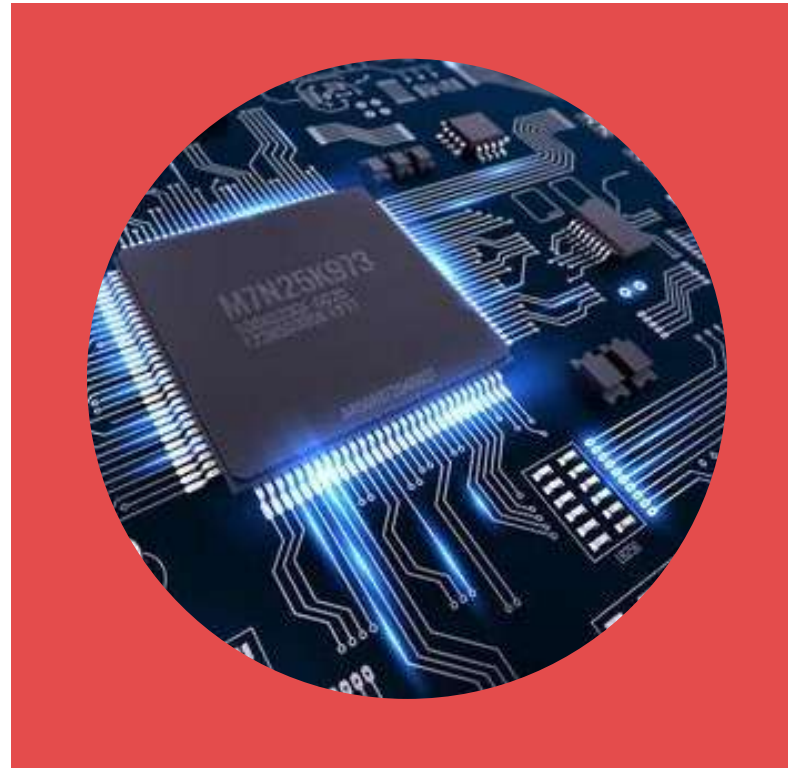

Find Manufacturing was established in 2018, in Michigan, USA. The company came into being when our team, having lived through and dealt with Vendor Procurement challenges, realized it was the need of time to address these challenges and utilize resources so that manufacturers can focus on core business activities.

## Our Mission

Identifying & matching specific suppliers for the requirements, making the vendor sourcing process easy through our one-stop portal.

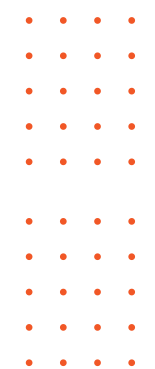

## Our Vision

Create an industry-specific platform in order to make business accessible, affordable & sustainable for the manufacturing community.

## Our Goals

To become the most reliable manufacturing knowledge base in the global market, and be the go-to platform for vendor sourcing.

## Key Services

# Electronics Manufacturing

Designed for manufacturers engaged in the production of PCB, Box Build, X-Ray, PCB Assembly, Wire Harness, BGA Repair and Replacement, Flexible PCB. We also serve manufacturers engaged in Design and Testing of Electronic equipment.

## Key Services

# Plastic Manufacturing

Serves suppliers engaged in the production of Blow Mold, Tooling and Design, 3D Printing, Injection Mold, Fixtures, Gauges, Plastic, Extrusion, Mold Making, Fabrication, Die, etc.

## Key Services

# Machining Manufacturing

Caters to manufacturers engaged in designing and development of metal tools, fixtures & other equipment and employing processes such as CNC Machining, 3D Printing, Milling, Turning, Welding, Grinding, Castings, Fabrication, Extrusion, Stamping, Tooling etc.

## Key Services

# Rubber Manufacturing

Serves manufacturers engaged in the production of Gaskets, Tubing, Seals, Custom Molding, Custom Extrusion, Die-Cutting, Tooling, Custom Mixing, Rubber Sheet and other Rubber Products.

## Key Services

## Design Studio

It is a consolidated & comprehensive repository of Engineering professionals & Design houses that allows them to showcase their technological capabilities and connect with the Industrial community which might contact them in case of any requirement.

Design Studio section serves categories such as PCB Layout Designer, Electronic Design Engineer, CAD Designer, Mechanical Designer.

## Find Manufacturing for **Contract Manufacturers**

With Finding MFG you can:

- Get discovered by Buyers/ OEMs for their product/ service requirements.
- Receive industry-qualified leads tailored to your capabilities
- Enhance the visibility of your company
- Increase credibility for your brand
- Create long-term business relationships

## Find Manufacturing for **Design Engineers**

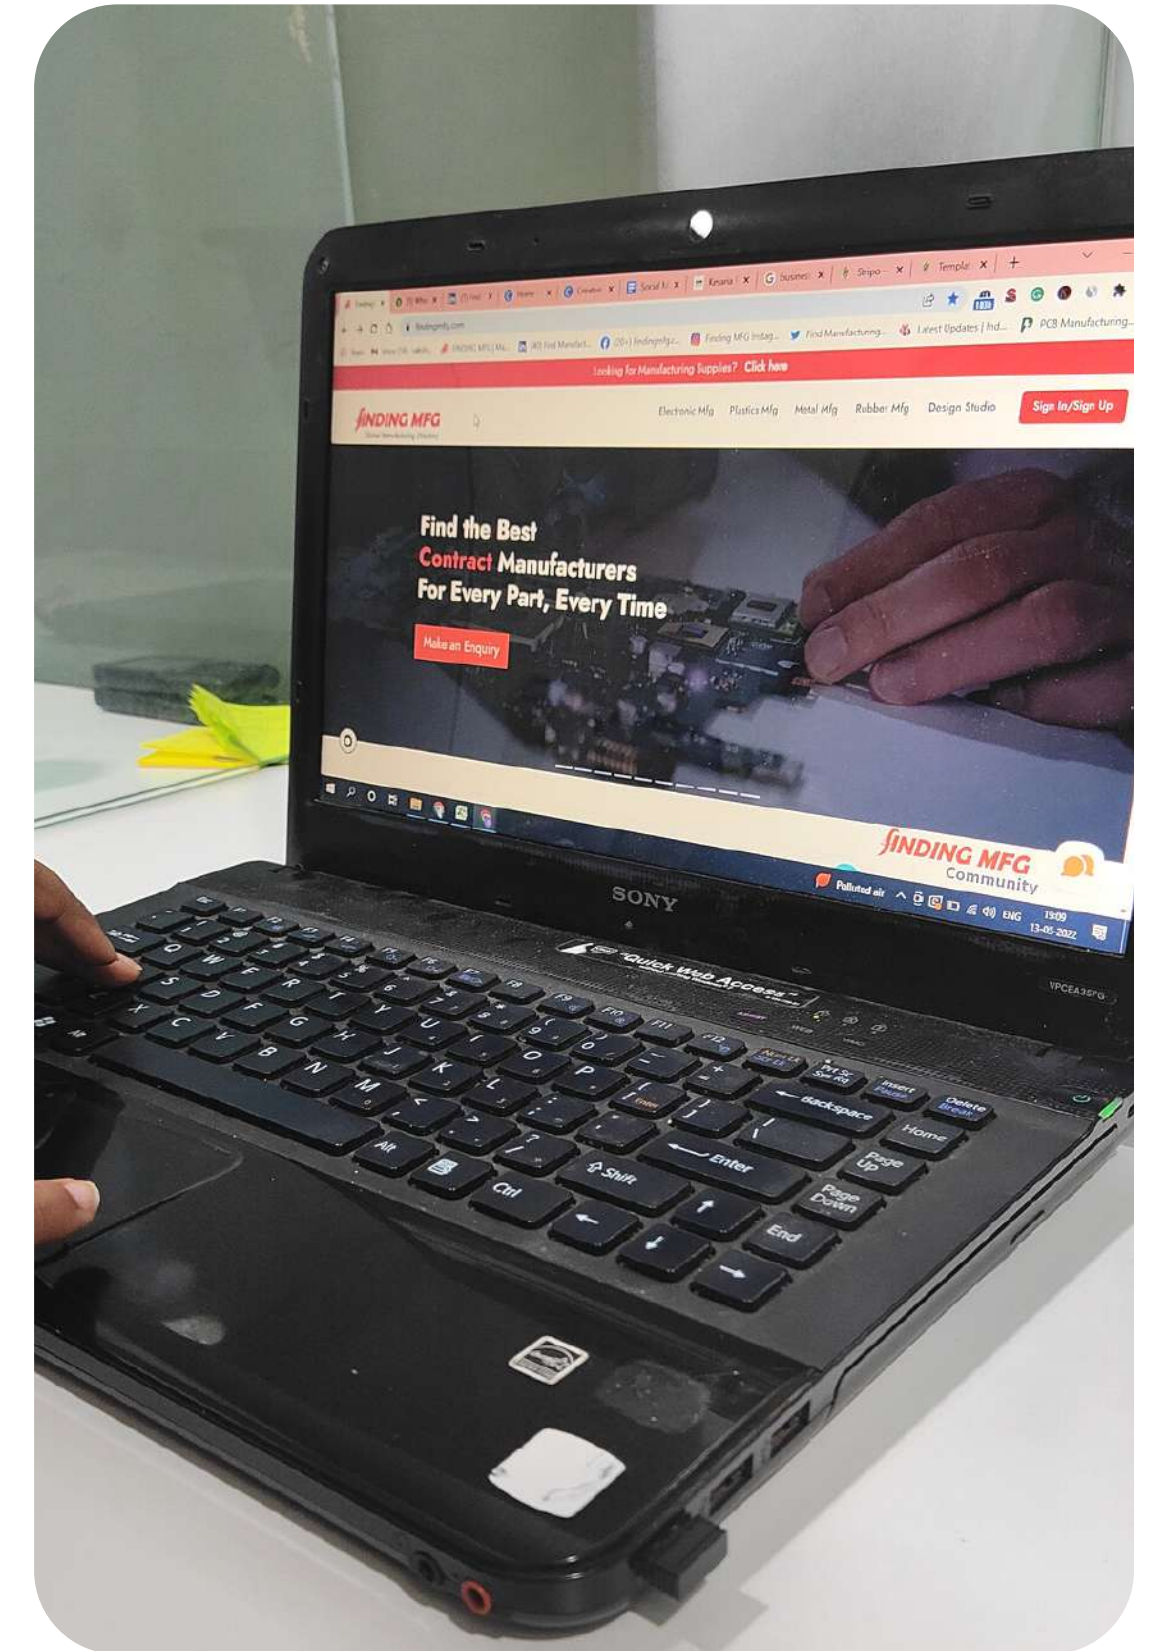

With Finding MFG you can:

- Send RFQs and receive multiple quotations from vendors
- Cut down on lead time delays
- Protect your drawings (through the Digital NDA feature)
- Showcase your capabilities as a design engineer to customers and attract projects.

# How to **Get Started**

- Visit [www.findingmfg.com](http://www.findingmfg.com)
- Sign Up as a Manufacturer/ Supplier
- Create and customize an online page dedicated to your services
- Start receiving RFQs directly from the buyers and design engineers
- Send Quotes, negotiate, sign NDA
- Close the deal

# Thank You!
