

Micrologic® Smart Manufacturing, Industrial Automation & Digital Transformation

FUNCTIONAL BLOCK OF A MTS TESTER

Business Value :

- ✓ Increased efficiency and Productivity
- ✓ Execution excellence and enhanced quality,
- ✓ Increased throughput and reduced downtime
- ✓ Optimize Cost of investment with automated production

- About:**
- Micrologic Integrated Systems (P) Ltd
 - Founded in 2006
 - Locations – India , USA
 - 2000+ Installations,
 - ISO 9001:2015 Certified

Solutions:

- Assembly Automation
- Automated Testing
- Digital Transformation
- Traceability

Products:

- Test Cells
- Assembly Cells
- Robotic Cells
- Control Systems
- RF Shield Chambers
- BON Pictures
- MTS
- Traceware
- FACTEYES

Industry Verticals

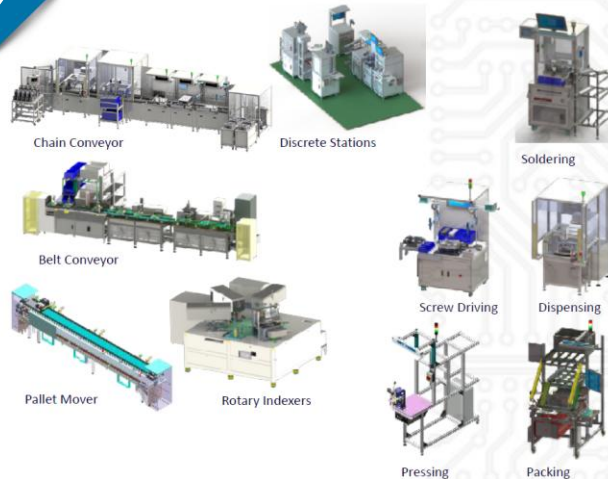

- Automotive
- Electric Vehicle
- Electrical & Electronics
- Medical Devices

ASSEMBLY AUTOMATION SOLUTIONS

PART HANDLING

- Conveyors
- Modular Work Stations
- Rotary Indexers
- Fixtures and Tooling

ASSEMBLY PROCESSES

- Screw Driving
- Press Fitting
- Riveting
- Dispensing
- Potting
- Leak Testing

DATA MANAGEMENT

- Traceability
- Process Capability (Cp-Cpk)
- Machine Capability (Gage R&R)
- OEE, Maintenance
- Data Analytics

AUTOMOTIVE ELECTRONICS EXPERIENCE
